Hi Jer,

I was assigned to be the project officer for CARB's grants mid-way through the project period for this grant (A00901315) that just expired last year, and I do not have any electronic copies of previous final reports. However, I suspect the earlier final reports looked similar to the attached semi annual matrix. In addition to a matrix report, final narrative reports for special projects should also be submitted. Attached is the final report for the Salton Sea Soil Emissivity Testing project as an example.

I hope this helps.

Thanks!

- Angie

Hi Angela,

Do you have a copy of what the narrative report looks like so I can forward it to our Program unit?

Thank you,
Jer Yang

Good Morning Jer,

I cannot locate the final narrative report for CARB's previous CAA 105 grant. If you sent it a while ago, will you please re-send it to me? Or if it was not sent, please send it as soon as possible to close out this older grant.

Thank you!

- Angie

Hi again,

I just realized the attached FFR is not the final version, so please just consider this email as a reminder that the final report is due by 12/31/19.

Thanks!

Hi Jer,

I received the attached Federal Financial Report for ARB's expired grant but have not received the final narrative report/matrix. Please send it as soon as possible so we can officially close this grant.

Thanks!
